# TRINITY LUTHERAN SCHOOL

— Quality Christian Education Since 1856 —

---

# EXPLORING EDUCATIONAL OPTIONS *for your* CHILDREN?

---

Trinity Lutheran School has been offering high quality Christian education in Oshkosh since 1856, and is currently enrolling students in grades K-8. A public 4-K program is also housed in our school.

Trinity educates children and helps develop strong character for lives of leadership and service through:

- **Quality education provided by excellent teachers**
- **Small class sizes and family environment**
- **Access to technological and laboratory resources**
- **Strong extra-curricular activities** (*team sports starting in 3rd grade, strong music program with band starting in 5th grade, field trips, and more*)
- **Reasonable tuition costs**
- **Welcoming, down-to-earth setting for children and parents**
- **Environmental education and stewardship of creation** (*through curriculum, class trips to national parks and outdoor science stations, and local action*)
- **All built upon a Christian foundation.**

We'd love to show you the school and answer your questions. Come see us at 819 School Ave in the heart Oshkosh!

Contact Principal Joe Reinl at **920.235.1730** or **[school@trinityoshkosh.org](mailto:school@trinityoshkosh.org)** for more information.

---

Here is some of what a couple recent graduates (and siblings) have to say about their experience with Trinity:

---

“Trinity has helped me to make life long friendships, and all the teachers were always willing to go out of their way help me after class with any questions I had!”

— **Grant Simon**

“Trinity Lutheran School was instrumental to my walk of faith and relationship with God. Trinity didn't just give me a math teacher, it gave me a math teacher who also gave the Chapels every Wednesday and explained the Christian faith in words that my adolescent self could understand. It didn't just give me an 8th grade teacher who was hard on us, it gave me a teacher who had high expectations for us to lead good and Godly lives. It didn't just give me music teachers, it gave me music teachers who taught and showed us the Bible stories and that we could share them with others through plays and musicals, and praise and honor God with our voices in choir. Trinity really built my faith life to where it is today.” — **Rebecca Simon**
